L.F 150-96
of the 30th June 1898, calling for certain information regarding the levy of octroi in the Hoskote Municipality, I beg to state as follows —

2. With regard to para 1 — The resolution of the Municipal Board in January 1898 to levy a duty of 2 pies per bundle of betel leaves is correct the rate of Rupee 1 for 20 bundles given in the proceedings for March 1898 is also correct, because one bundle in the latter case is equivalent to 100

No - 2445.
12 = 100 pr
20 h cents

100 bundles of 100 leaves each in the former case thus in both cases the rate on betel leaves is rees 2. per bundle of 100 leaves

3. With regard to para 2. — The amount that may be realized at 2 per cent on all cloth imported into the town for sale would be about rs. 150/- per annum.

4. With regard to para 3 — The weekly market is held within the municipal limits and it would create great confusion if cloth that is used by the people of the municipal town be exempted from duty. Therefore the board opines that the duty be levied on all the cloth, except the produce of the municipality.

Genl & Rev: Departments.

Sir,

With reference to Government Proceedings No. 1789-90 dated 5th August 1898, sanctioning the levy of Octroi on Sheep and goats in the Hoskote Municipality, I have the honor to state that the Municipal Board of Hoskote now proposes to levy duty on Horse and Haralu Seeds at the rate of 6 annas per Candy in lieu of that on Sheep and goats, as only a very trifling sum of Rs 6/- has been realized on the latter

S 1:27

D.F. 129-97

2 I therefore request that the levy of Octroi on Horse and Haralu seeds may be kindly sanctioned, as the Municipality will then be in a position to realize a greater income than it now does. The income expected to be realized is roughly estimated at about Rs 150/- per annum.

3. Copy of the Board's Resolution

is herein enclosed.

I have the honor to be,
Sir,
Your most obedient servant.

Extract from the Proceedings of the Hoshiarpur Municipal Board dated 31st Aug 1899

Read statements of receipts and expenditure of the Municipality for 1898-99 Only a trifling sum of Rs 6/- was realized from the levy of Octroi on sheep and goats There does not seem to be any profit to the Municipality from this item as Octroi is levied exclusively on sheep and goats and as cattle is exempted from such levy, the receipt is small Besides there are only petty sales under that item. It seems desirable to abolish Octroi on sheep and goats and to levy the same on Hemp Harda and Kerosene oil. [illegible]

of
~~cash on this article big trade~~
~~in these articles, the merchants~~
~~will not feel~~
and as there is a great
trade in these articles, the
merchants will not feel in-
convenient to pay a small
sum by way of tax on these
articles. Now with, therefore,
be no hardship on the people
by levying octroi on these
articles at the following rates:-

1 Ghee per candy u-6-u
2 Karala do do
3 Kerosine oil per tin u-2-u

There will be a sale of
more than 400 candies of each
Ghee and 400 tins of kerosine
oil per annum. Consequently
the amount accruing to the
M? from the levy of octroi at
the above rates will be 150+50
= 200 Rs per annum.
In the above estimate the

estimated receipts ~~from dogtaxes~~ are fixed very low. The Board therefore resolve that the Govt be requested to recommend to Govt and obtain their sanction for the abolition of octroi on sheep and goats and the levy of the same on the articles mentioned above

Ultimo, respectfully, I have the honor to state that a Candy measures 200 Seers in Hoskote Taluk, whereas the measure of the Candy for which a rate of 4 annas was prescribed in Chief Commissioner's Proceedings of the 23rd September 1879, is 160 Seers, and hence a recommendation was made by this office for a higher rate than the one prescribed in the above Proceedings.

2. The duty on Kerosine oil proposed by the Board was disallowed by this office as imperial Customs duty is paid on it before the article is imported.
